## **Chabad of Tidewater Case Statement**

We are a **spiritual life-line** and **home for all Jews** regardless of their background or ability to contribute. Established in 1979 and based on **Ahavat Yisroel** (love of every Jew), Chabad of Tidewater continues to be the trend setter for the Jewish community with our inclusive, multi-faceted and creative programs.

Our participants feel a **living and vibrant** relationship with God and the Torah beyond borders created by an organization, affiliation or building. Intriguing, uplifting pertinent learning is enjoyed by all. **Children** experience and **connect** with their heritage through innovative and hands on programs and activities. Jews all over the community feel **kindness** and **compassion** from Chabad; the elderly, the sick and the incarcerated are regularly visited and receive counsel and guidance. Our commitment is to provide for the spiritual needs of every Jew.

### **Our legacy donors are people, like you who believe in:**

- an outreach program that knows no age restriction, no background limitations and is there for **ALL** Jews.
- keeping the soul of Judaism vibrant for every Jew.
- providing a haven to those Jews who have become disconnected from their Jewish community or seek to reconnect.
