

## I. Mandel JCC of the Palm Beaches: Legacy Case Statement

The Mandel Jewish Community Center is a multi-faceted, non-profit Jewish social service agency. We engage Jews in the life of our community through promoting Jewish culture, perpetuating our Jewish heritage, teaching and modeling Jewish values, and nurturing the development of positive Jewish identity while helping each individual develop creatively as a person, as a Jew and as an American. We work diligently to strengthen the family as a source of Jewish continuity, we reach out to those with special needs and challenges, and we forge close ties with the Jewish People, locally, nationally, as well as in Israel and worldwide.

At the Mandel JCC we promote pluralism – valuing the difference of others – as we build diverse, accepting and inclusive communities. We are a place where people from all walks of life come together to form warm, friendly relationships, by collectively taking part in our broad landscape of programs and services.
