

Jewish Free Loan Mission Statement

The Jewish Free Loan has as its' vision a thriving Arizona Jewish community in which aspirations of financial health and personal achievement are realized by all. The mission of Jewish Free Loan is to provide interest-free loans to Jewish individuals to enable them and their families to improve their lives and achieve greater stability with regard to their long-term well-being; and to encourage and facilitate Jewish continuity. Our wish is for these goals to come to fruition and to continue to have the ability to grow and flourish within the community for years to come.

Case Statement

"I am a single mother of three children. I was in a very difficult, unexpected financial situation. The process to obtain this affordable loan was simple and done with great respect and dignity. This loan and (your) organization helped me more than I can express."

Jewish Free Loan enhances the quality of life of Jewish individuals and our families that need financial assistance in navigating life's challenges. We are the only agency in Maricopa County ensuring families are receiving the right interest-free loan for them. We are unique in the fact that we follow the Jewish commandments of "Parshat Mishpatim" The Parsha states: "When you lend money to [My] people, to the poor person [who is] with you, you shall not behave toward him as a creditor; you shall not impose interest upon him."

At Jewish Free Loan, we invest in each individual our organization touches. Just like a fingerprint or a snowflake, no two people are exactly the same. The individuals and families that reach out to us for loans are each different in their experiences, stories and reasons for requesting our assistance.

The investments we make in each individual within our Jewish community positively impact not only the recipient, but their guarantors, our donors and our volunteers. We personalize our investments whether it be investing in family life, investing in education or investing in a healthy lifestyle. And our 98% repayment rate enables us to leverage our funding to assist even more.

The need, now and for the future, is great.

Our Legacy donors are individuals just like you who want to ensure a sustainable path to providing interest-free loans to those in our community in need of financial assistance. These loans range in areas of medical, emergency (tzedakah) education, in vitro and adoption, debt consolidation, small business, burials and funerals. We are here to make the process simple while giving a hand up, not a hand out. Please join us!
