

Kutz Home
Delaware

After a lifetime of caring for you, your parent needs a warm, safe, and caring place to live. Elderly seniors, alone in life, need someone to assist them as they age.

The Kutz Home is dedicated to our tradition's commandment to honor our mothers and fathers and we consider it a privilege to serve the elderly of our community. It is our goal to ensure that these years are healthy, productive, and mentally stimulating, especially as advances in medical care extend life spans.

For more than 100 years, we have stood strong in our mission to make aging an enriching and fulfilling experience, especially for people who have spent their lives building our Jewish community and nurturing their families. We maintain a strong Jewish character by sharing traditions, commemorating all Jewish holidays and serving kosher food.

We are a vital Jewish community asset, providing a continuum of care, outstanding services, and optimal quality of life for our seniors, regardless of financial status.

Our legacy donors are people, like you, who believe that the Kutz Home should always be welcoming, and able to provide quality care and services so seniors can actively engage in life's activities. Your gift guarantees this future.

By becoming a Legacy donor you will join us in ensuring that Delaware's seniors will long have the Kutz Home as a special place to call home.
