

Stories from the Heart

Story template

The development team is seeking stories that move donors to give. Daily, JFCS staff support participants to change the course of their lives. Your work matters to the people seeking services and the donors we ask to support JFCS – foundations, government grant makers, individuals and corporations. Plus, these stories provide an opportunity to share our work with the community.

Program:

Date:

Background

What brought them to JFCS? Main problem or need(s) that moved them to seek services.

What other demographics or elements showcase their story (age, family make-up, previous experiences)? What is memorable, unique about this person, or family?

JFCS Services

What happened while they were at JFCS? What were lows or highs in their time here? What other services outside the main service, if any, did they receive?

Success

Where are they now? What are the client's successes? What details do you have about their success? How did JFCS' people, programs or services support their success?

Is there anything else to note that doesn't fit above? Trust your gut and tell us more.

Communications

Your Name:

Are you still in touch with the client? Yes No

If so, could we get their permission to include their story/photos in marketing materials? Yes No

Do you have a story you have already written? Please feel free to attach it.
