

# Your Life - Your Legacy... What's in Your Heart?

"The Silver Academy has educated my children with more than a traditional academic education. In Harrisburg, we have the privilege of living in a community with a Jewish Day School that offers an education that greatly eclipses the type of education my husband and I received in very good public schools. I hope that Harrisburg recognizes that this a true jewel in our community.

For many, many years to come we can sustain scholarships for those children who would not be able to attend The Silver Academy without a scholarship. The Silver Academy instills leadership skills exemplified in its graduates throughout the world. Anywhere I go I find that our Silver Academy graduates are accepting leadership roles in both their Jewish communities and general communities. I encourage everyone to consider The Silver Academy as a beneficiary of their estate and as part of their legacy gift through our community legacy initiative. Please join me in sustaining our Jewish future!"
